

## H3-/C14-Sampling List of References

---

### Nuclear power stations

#### Germany:

Nuclear power station Biblis	3 systems
Nuclear power station Brokdorf	2 systems
Nuclear power station Brunsbüttel	2 systems
Nuclear power station Emsland	1 system
Nuclear power station Grafenrheinfeld	1 system
Nuclear power station Grohnde	1 system
Nuclear power station Gundremmingen	2 systems
Nuclear power station Isar	1 system
Nuclear power station Krümmel	1 system
Nuclear power station Lingen	2 systems
Nuclear power station Neckarwestheim	3 systems
Nuclear power station Obrigheim	2 systems
Nuclear power station Philippsburg	6 systems
Nuclear power station Rheinsberg	2 systems
Nuclear power station Stade	1 system
Nuclear power station Unterweser	2 systems

#### Argentina:

Nuclear power station Atucha 1	1 system
--------------------------------	----------

#### Brazil:

Nuclear power station Angra 2	1 system
Nuclear power station Angra 3	1 system

#### Belgium:

Nuclear power station Tihange	2 systems
-------------------------------	-----------

#### China:

Nuclear power station Taishan	4 systems
-------------------------------	-----------

## H3-/C14-Sampling List of References

---

### Netherlands:

Nuclear power station Borssele, Vlissingen storage facility 2 systems

### Switzerland:

Nuclear power station Beznau 1 system

### Slovakian Republic:

Nuclear power station Mochovce 1 system

### Spain:

Nuclear power station Trillo 1 1 system

### Ukraine:

Nuclear power station Zaporozhye 14 systems

### Finland:

KKW Olkuluoto 3 2 systems

KKW Olkuluoto 1 & 2 3 systems

### France:

Nuclear power station Belleville 4 systems

Nuclear power station Blayais 4 systems

Nuclear power station Bugey 4 systems

Nuclear power station Cattenom 8 systems

Nuclear power station Chinon 4 systems

Nuclear power station Chooz 4 systems

Nuclear power station Civaux 4 systems

Nuclear power station Cruas 4 systems

Nuclear power station Dampierre 4 systems

Nuclear power station Fessenheim 2 systems

Nuclear power station Flamanville 4 systems

Nuclear power station Golfech 4 systems

## H3-/C14-Sampling List of References

---

Nuclear power station Gravelines	6 systems
Nuclear power station Nogent	4 systems
Nuclear power station Paluel	8 systems
Nuclear power station Penly	4 systems
Nuclear power station St Laurent	2 systems
Nuclear power station St Alban	4 systems
Nuclear power station Tricastin	4 systems

### Other systems for the locations

Nuclear power station Bugey I	2 systems
Nuclear power station Cattenom	1 system
Nuclear power station Chinon A3	1 system
Nuclear power station Chooz	2 systems
Nuclear power station St Laurent A	8 systems
EDF	4 systems

### Research reactors

#### Germany:

HMI Hahn-Meitner-Institut, Berlin	1 system
High-flux neutron source, Garching	1 system
Max-Planck-Institut (IPP), Greifswald	2 systems

### Underground storage areas, fuel element storage areas

#### Germany:

Fuel element storage area Gorleben	5 systems
Underground storage area Asse	5 systems
Underground storage area Konrad	1 system

## H3-/C14-Sampling List of References

---

Underground storage area Morsleben	4 systems
Pilot conditioning unit Gorleben	2 systems

### Switzerland

Intermediate area Würenlingen AG	2 systems
----------------------------------	-----------

### **Decommissioning areas**

#### Germany

Nuclear power station AVR Jülich	3 systems
GNS waste treatment, Jülich	
Nuclear power station Lingen	2 systems
Nuclear power station Rheinsberg	2 systems
Nuclear power station Würgassen	2 systems
Nuclear power station Neckarwestheim	2 systems
Nuclear power station Phillipsburg	2 systems

#### France

Nuclear power station Brennilis	2 systems
---------------------------------	-----------

### **Incineration units**

#### Germany:

Incineration unit of Hoechst AG, Frankfurt	1 system
Incineration unit of the KWU, Karlstein	1 system

#### Netherlands:

COVRA, Nieuwdorp	2 systems
------------------	-----------

## H3-/C14-Sampling

### List of References

---

#### Switzerland

Zwilag AG, Würenlingen 3 systems

#### **Research centers, laboratories**

#### Germany:

Radio-nuclides laboratory of Hoechst AG, Frankfurt 1 system

BfS Bundesamt für Strahlenschutz 2 systems

Bayrisches Landesamt für Umweltschutz, Munich 2 systems

[Bavarian State Office for Environmental Protection]

FZR Rossendorf research centre, Dresden 6 systems

FZJ Jülich research centre, Jülich 4 systems

FAG Kugelfischer AG, Erlangen 1 system

Physikalisch Technische Bundesanstalt, Braunschweig 1 system

Laboratory Professor Berthold, Wildbad 1 system

Scientific service of the Bundeswehr, Munster 1 system

Nuclear research centre, Karlsruhe 1 system

Dr. K. Thomae GmbH, Biberach a.d. Riss 1 system

GKSS research centre, Geesthacht 1 system

#### Switzerland:

Paul Scherrer Institut, Villigen 3 systems

#### **Other**

#### Germany:

Eckert & Ziegler, monitoring 3 warehouses 1 system

GNS Jülich 1 system

#### France:

Cegelec, Meyzieu 2 systems
